

## This Golden Ring

The Fortunes

This golden ring is gonna buy me a place in my baby's heart  
This golden ring is gonna make sure that we never part  
It's so funny what a ring can do  
Make a girl just like you  
Take a ride downtown  
Searching for a wedding girl  
So I got a ring from my baby  
And I think very soon that baby that girl will be mine  
Gonna have an angel be mine  
Everything's gonna be fine, so fine  
This golden ring is all I have to give to you  
But give me time my love for make your dreams come true  
I've been a... on my money  
I've been working hard girl only with you in mind  
We got something more than money  
We gotta a love that's gonna last  
It's so funny what a ring can do  
Make a girl just like you  
Take a ride downtown  
Searching for a wedding girl  
So I got a ring from my baby  
And I think very soon that baby that girl will be mine  
Gonna have an angel be mine  
Everything's gonna be fine, so fine, fine
