

Silver Star

The Four Seasons

In my dream I'm a western hero
Riding my Palomino
Silver Star, there you are, Silver Star

Got my gun and my white ten gallon
Bigger than life , I reckon
Silver Star, there you are, Silver Star

Silver Star, Silver Star
In my dream I make much dinero
Chasin' the Bandellers
Silver Star, there you are, Silver Star

But he - he gave me a nine to five, honey
Ain't livin' but I'm alive
Sure cut me down to size
He gave me the second prize

I'm layin' it on the line, honey
I'll let it go by this time
Next time around, I'll swear
Gonna get me somewhere, somewhere

In my dream I'm a desert hero
Bigger than Valentino
Silver Star, there you are, Silver Star
Leading ladies in warm embraces
Ecstasy on their faces
Silver Star, there you are, Silver Star
