

# I Just Can't Walk Away

The Four Tops

Once again we said it's over  
And just like before  
We vowed to take no more  
Ooh, but I suddenly I find  
That every time  
Your face comes into view

And then you touch  
The way that you do  
I just can't walk away  
Whenever you touch me  
I give in to you  
And I just can't walk away  
I just can't walk away

Sometimes angry words with you  
Make me lose my head  
But memories unwind  
To find my hear again  
Ooh, but I stubbornly I go  
And this time I am sure  
'Cause I'm reaching for the door

And I feel your hand touch me  
And my heart gives in  
I just can't walk away  
Whenever you touch me  
My heart always wins  
And I just can't walk away

When I think it must be hidin' in me  
It always seems to find me close to you

It's the way that you touch me  
I give in to you  
I just can't walk away  
Whenever you touch me  
My heart always wins  
I just can't walk away  
No, we just can't walk away
