

Rent Day Blues

The Frames

1. Down on my check, beat on my bet
cool and the gang play on the radio celebrate good times come on

Back on the block, picking the locks
and I'm hitching a ride out of this no good town,

Late on my rent, and my money's all spent
and I'm running away where no one can find me

R: And I wonder what they'd say now
if we got lucky babe
and I wonder what they'd say now
if we went all the way

2. Playing the cards and losing too hard
and I'm lying awake and what have I got to show for it all?

I'm late on my rent, my money is all spent
and I'm hitching a ride out of this no good town

R: And I wonder what they'd...
