

# Cigarelllo

The Fratellis

Everybody's giving me a hand me down  
For my cigarelllo of yellow and brown  
Everybody wants me to be their sideshow  
A brown 'n' yellow cigarelllo dancing under your window

Filthy rag dolls in the bed  
I can't listen to what they said  
Don't get silly, don't get so sick  
Get some trousers and get some quick  
All the wasters, they come in threes  
Honey that's no excuse to tease  
Is this your house do you live here?  
You're not as sick as you appear

In the day  
Though you're dumb  
In a way

And everybody's giving me a hand me down  
For my cigarelllo of yellow and brown  
Everybody wants me to be their sideshow  
A brown 'n' yellow cigarelllo dancing under your window

Can we watch movies on your TV?  
Don't have to get dressed just for me  
We could stay home and get drunk quick  
I could wear your dress and your lipstick  
Or we could go out and steal a car  
Both get loaded and drive real far  
Is this your house do you live here?  
You're not as sick as you appear

In the day  
Though you're slow  
In a way

And everybody's giving me a hand me down  
For my cigarelllo of yellow and brown  
Everybody wants me to be their sideshow  
A brown 'n' yellow cigarelllo dancing under your window

And everybody's giving me a hand me down  
For my cigarelllo of yellow and brown  
Everybody wants me to be their sideshow  
For my cigarelllo and go, go, go

And everybody's giving me a hand me down  
For my cigarelllo of yellow and brown  
Everybody wants me to be their sideshow  
A brown 'n' yellow cigarelllo dancing under your window

(Fuck me, I cannae believe it!)
