

Soul Crush

The Fratellis

Hallelu, hallelu, halle hallelu-jah
She wants my soul and she wants yours too, yeah
Hallelu, hallelu, halle hallelu-jah
Better think fast or she'll shoot right through you
Pretty boy medicine[?] dreams a sign
You better leave now while you've still can stand
A body has to eat but the plate's half full
It don't make sense to me

Hallelu, hallelu, halle hallelu-jah
She only lived once and she never out grew you
Hallelu, hallelu, halle hallelu-jah
She won't bring nothing but bad luck to you
Guaranteed soul crush never in doubt
You made no sense on the wrong way out
Monkey man couldn't even get no joy
It don't make sense to me

Hallelu, hallelu, halle hallelu-jah
Hallelu, hallelu, halle hallelu-jah

Hallelu, hallelu, halle hallelu-jah
She wouldn't dedicate broken[?] love song to you
Hallelu, hallelu, halle hallelu-jah
You know she makes a livin' lookin' straight right through you
Well, everybody cries when alone, my god
The girls all shake and the boys applaud
Monkey man livin' 'neth the stars on fire
It don't make sense to me
Monkey man couldn't even get no joy
It don't make sense to me

Hallelu, hallelu, halle hallelu-jah
Hallelu, hallelu, halle hallelu-jah
Hallelu, hallelu, halle hallelu-jah
Hallelu, hallelu, halle hallelu-jah
