

I Can Barely Say

The Fray

I said I told you everything, but I left something out
Underneath the stairwell
That I'm under lock and key, but you can probably tell
A powder keg in a prison cell

I wanna return, but all you will do is turn to leave
If I can find my way home, will you take hold of me?

'Cause I've been going so long, I can barely say
All I know is now I wanna stay
Has it been too long since I went away?
'Cause I'm trying to find the words, but I can barely say

Well I use to be the sun, waiting silently
But they barely noticed me
And I've been talking in my sleep
If anybody sees, they'll turn, they'll run from me

I wanna return, but all you will do is turn to leave
If I can find my way home, will you take hold of me?

'Cause I've been going so long, I can barely say
All I know is now I wanna stay
Has it been too long since I went away?
'Cause I'm trying to find the words, but I can barely say

I wanted to run, I wanted to love and be loved in return
But will I ever get back?
Do I know too much to return?

I've been gone so long, I can barely say
All I know is now I wanna stay
Has it been too long since I went away?
'Cause I'm trying to find the words, but I can barely say.
