

# Shadow and a Dancer

The Fray

Hello old friend  
Do you remember when  
We would float on the summer wind  
And fall back to earth again

Hello love  
Remember that touch  
That skin on skin rush  
Sweeping after both of us

Like a shadow and a dancer  
We were looking for the answers  
Keeping perfect time  
Like a shadow and a dancer  
We know the summer thrill is gone  
But we've never been so in love  
Like a shadow and a dancer

We have stayed  
Like the Cascade Mountain range  
And Pacific Ocean waves  
Some things never change

And it's you and me  
And our bodies are a memory  
We're turning ever so slowly  
In the candlelight trembling

Like a shadow and a dancer  
We were looking for the answers  
Keeping perfect time  
Like a shadow and a dancer  
We know the summer thrill is gone  
But we've never been so in love  
Like a shadow and a dancer  
No, we've never been so in love  
Like a shadow and a dancer

A shadow and a dancer  
We are looking for the answer  
Keeping perfect time  
Like a shadow and a dancer  
We know summer thrill is gone  
But we've never been so in love

Oh, we've never  
Shadow and a dancer  
Looking for the answer
