

Shadow and a Dancer

The Fray

Hello old friend
Do you remember when
We would float on the summer wind
And fall back to earth again

Hello love
Remember that touch
That skin on skin rush
Sweeping after both of us

Like a shadow and a dancer
We were looking for the answers
Keeping perfect time
Like a shadow and a dancer
We know the summer thrill is gone
But we've never been so in love
Like a shadow and a dancer

We have stayed
Like the Cascade Mountain range
And Pacific Ocean waves
Some things never change

And it's you and me
And our bodies are a memory
We're turning ever so slowly
In the candlelight trembling

Like a shadow and a dancer
We were looking for the answers
Keeping perfect time
Like a shadow and a dancer
We know the summer thrill is gone
But we've never been so in love
Like a shadow and a dancer
No, we've never been so in love
Like a shadow and a dancer

A shadow and a dancer
We are looking for the answer
Keeping perfect time
Like a shadow and a dancer
We know summer thrill is gone
But we've never been so in love

Oh, we've never
Shadow and a dancer
Looking for the answer
