

# Finding Me Out

The Friday Night Boys

Parked my car right across from her house last night  
Climbed the tree just to see if she turned on the lights  
Slipped and fell to the ground im not sure but  
i think she saw me driving away  
I think she knows what m trying to say but i dont know how

Shes finding me out, its bringing me down  
Cuz' nothings is as hard as the first time  
Im fooling myself, she'll never be mine its too late now  
She's finding me out  
She's finding me out

Passed her by in the hall, fell my heart beat fast  
Turn around and i swear i saw her looking back  
Whats my way thought she waved but it wasnt me  
Must have been to somebody else  
Try to hide it but i think she could tell that im falling now

Shes finding me out, its bringing me down  
Cuz' nothings is as hard as the first time  
Im fooling myself, she'll never be mine it's too late now  
She's finding me out  
She's finding me out

She's beautiful, popular im scared that i dont belong in her world  
I cant sleep when i cant breath and i got a feeling she's on to me  
to mee..

Shes finding me out, its bringing me down  
Cuz' nothings is as hard as the first time  
Im fooling myself, she'll never be mine it's too late now  
She's finding me out  
She's finding me out

Shes finding me out, its bringing me down  
Cuz' nothings is as hard as the first time  
Im fooling myself, she'll never be mine it's too late now  
She's finding me out  
She's finding me out
