

That's What She Said

The Friday Night Boys

In her room the lights go out
I wonder if she'll just let this go now
Just lock the door and fall back down

Her body shakes so nervously
Well, take my hand and lets just leave this party
I see her eyes all over me tonight

I'll walk you home
What would it take to let you go
In your eyes
Just give me a sign

She's so scene
Hollywood dreams
Broken 'cause she's no good at anything
Run around and around
Make up your mind
I bet you strike out with her tonight

She'll look at you and swear she's true
What will moving to California do
I know for sure she's lost her way

You'll be wrapped around her finger too
She's a little too much and a little too good for you
Hang on to every word she said
But never again

I'll walk you home
What would it take to let you go
In your eyes
Give me a sign

She's so scene
Hollywood dreams
Broken 'cause she's no good at anything
Run around and around
Make up your mind
I bet you strike out with her tonight

You can't deny
You can never catch her in a lie
If she brings you in her room
And you close the door
You'll be right where every guy has gone before

You can't deny
You can never catch her in a lie
If she brings you in her room
And you close the door
You'll be right where every guy has gone before

She's so scene
Hollywood dreams
Broken 'cause she's no good at anything
Run around and around

Make up your mind

She's so scene
Hollywood dreams
Broken 'cause she's no good at anything
Run around and around
Make up your mind
I bet you strike out with her tonight
She's so scene
Hollywood dreams
Broken 'cause she's no good at anything
Run around and around
Make up your mind
I bet you strike out with her tonight
I bet you strike out with her tonight
I bet you strike out with her tonight
