

Know It All

The Frogs

know it all, f**kin' know it all
you're the teacher, the guru
so you should know already
how to blow me
seen it all, f**kin' seen it all
Buddha's nothin', Jesus last week
how's it feel to have blown me
you're buildin' a house
but you forgot to make a door
you're buildin' a house
usin' the cross for the two by fours yeah
know it all, f**kin' know it all
you're the teacher, the guru
so you should know already
know it all, f**kin' know it all
