

Au Revoir (Adios)

The Front Bottoms

You know what I think's really sad
I know how really sad you are
I'm probably gonna leave real soon
just wanted to let you you know
before I say
Au revoir
Au revoir
You probably don't even know what that means
Au revoir
Au revoir
You probably don't even know what that means

She says that it's French
"I know what it means
You don't have to be so mean
If you wanna leave
Why don't you go"
Right before she walks away
I'm pretty sure I hear her say

"Adios
Adios
I bet you think I don't know what that means
Adios
Adios
I bet you think I don't know what that means"

Rock'n'Roll
Rock'n'Roll
You probably don't understand what I mean
Rock'n'Roll
Rock'n'Roll
You probably don't understand what I mean

Au revoir
Au revoir
You probably don't understand what I mean
Au revoir
Au revoir
You probably don't even know what that means

She says that it French
I know what it means
Just thought I should let you know
Before I say au revoir
