The Front Bottoms

Riding a motorcycle and being in a gang
Being in love and women's rights and male hedonism
Worshipping the devil, good vibes all around
And acting cool, and acting cool
And acting cool, and acting cool
And acting cool, and acting cool

Sometimes you gotta close your eyes
To truly see the light
And most of us are older now
We should know wrong from right
You and me, me and you
Loving each other the way that we do

I changed my life I was gasping for air
I was leaning forward almost fell outta my chair
And now you're looking suspicious asking is that true
Come on people, would I lie to you
Come on people, would I lie to you
Would I lie to you

(it's just that) sometimes you gotta close your eyes
To truly see the light
(it's just that) most of us are older now
We should know wrong from right
You and me, me and you
Loving each other the way that we do

More like a couple of nights ago
Said nobody knows
Oh I am safe but not for long
Go back a couple of nights ago
Play the usual
So I feel safe to sing along
More like a couple of nights ago
Couple nights ago

Sometimes you gotta close your eyes
To truly see the light
Most of us are older now
We should know wrong from right
You and me, me and you
Loving each other the way that we do

Sometimes you gotta close your eyes
To truly see the light
Most of us are older now
We should know wrong from right
You and me, me and you
Loving each other the way that we do
