## The Front Bottoms

I walk around like a skeleton last night  
Trying to find my way home  
This white frame it's all that I've got left  
Cause not even you could chew through my bones  
I've got very strong bones

I walk around like a skeleton last night  
Confused and alone  
Who was I kidding I cant get past you,  
You are the cops, you are my student loans  
You are a head shaped hole  
In a sheet rock wall  
You are the pain I feel  
You are the stud in the wall  
Better than nothing at all

And I got so stoned  
I fell asleep in the front seat  
I never sleep in the front seat  
I'm too tall  
But I got so stoned  
I fell asleep in the front seat  
I never sleep in the front seat  
I'm too tall  
But I got so stoned

Come on, baby, calm me down  
You're the only one who knows how

Reunited and it feels so good,  
It's so much better than I thought it would.  
Cause I feel fucked, but in a good way.  
I start to cough, taste the butane.  
And I can tell that he's asking her Yes or No questions  
By the way she's shaking her head  
From left to right, then up and down,  
Then left to right again.

I'm gonna go get so stoned  
I fall asleep in the front seat.  
I never sleep in the front seat,  
I'm too tall.  
But I got so stoned  
I fell asleep in the front seat.  
I never sleep in the front seat,  
I'm too tall.  
But I got so stoned

Come on, baby, calm me down  
You're the only one who knows how

I got miles to go  
Till I ever get home  
But the sound of your laugh  
And your voice on the phone  
Makes me feel like I am already there

I got so stoned  
I fell asleep in the front seat  
I never sleep in the front seat  
I'm too tall  
But I got so stoned  
I fell asleep in the front seat  
I never sleep in the front seat  
I'm too tall  
But I got so stoned  
I fell asleep in the front seat  
I never sleep in the front seat  
I'm too tall  
But I got so stoned
