

Swear To God The Devil Made Me Do It

The Front Bottoms

Space age crystals
I've been growing 'em since I was a kid
Like my mother plays the lottery
'Til I get rich some other way or she wins it

And there is someone out there just like me probably
keeping to themselves
I know CPR, I know mouth-to-mouth
When your legs give in and your lungs give out
I will blow air into your open mouth
Baby, I can spit this game all day

I swear to god the devil made me do it
It's a shame the bad habits are the hardest ones to
break
Our love's a dangerous, dangerous game
One that I am definitely losing, cannot walk away

But there is someone out there just like me probably
keeping to themselves
I know CPR, I know mouth-to-mouth
When your legs give in and your lungs give out
I will blow air into your open mouth
Baby, I can spit this game all day

I wanna make tear-jerking-shower-curtain-camera's-
running genius
I wanna make them think they're seeing something they
ain't never seen before
But I am full of shit, I'm a plagiarist
As a liar, I'm a ten
I just want this to mean something to anyone even if
they don't know who I am
I am, I am, I am

But I know CPR, I know mouth-to-mouth
When your legs give in and your lungs give out
I will blow air into your open mouth
I know CPR
