

Tattooed Tears

The Front Bottoms

You should know that you don't kick if you don't have
to
All's fair in love and war, I know, don't get me wrong
But if you listen to your heart it may mislead you
Lord I should know, I've felt lost for so long

You had me go from what I though was smart and careful
To seriously slipping out of control

But I have to learn that this love will never be
convenient
I'm gonna have to learn that this love will never be
convenient
It's not like a movie when we kiss; there is no music
when we kiss
And I'm gonna have to learn that this love will never
be convenient

I hear her whisper "all I want is to want nothing"
The room is dark and I'm pretty sure she thinks I'm
asleep
She says "it just don't make no sense. Why can't it
work out in my head
Why I can't be happy when there's definitely reasons I
should be"

She says that I, for one, will not be held responsible
for someone else, I gotta go

I'm gonna have to learn that this love will never be
convenient
And I'm gonna have to learn that this love will never
be convenient, convenient, convenient

Let's talk about how it felt on my shoulders as it came
pouring out my ears
Let's talk about the face of our love and how it might
look with the addition of tattooed tears
Let's talk about the torn up skin on my fingers right
where it meets my fingernails
Let's talk about what you call smart and careful is
seriously slipping out of control

I'm gonna have to learn that this love will never be
convenient
I'm gonna have to learn that this love will never be
convenient
It's not like a movie when we kiss, there'll never be
no music when we kiss
And I'm gonna have to learn that this love will never
be convenient, convenient, convenient
