

# Black On Black

The Game

'Sup, nigga, huh?  
You know what this shit is?  
Stay down and come up (Damn right)  
Street niggas is street niggas alike  
It ain't even one way, nigga (Two niggas most)  
Stay down and see you come up, nigga, uh  
Four songs, nigga (Blood Money, let's go)

Everythin' wrong, this can't be right  
Man, it's so much, this can't be life (Yeah)  
Shit get real, man, you can't hold back  
(Stay on back, nigga, you gotta do what you gotta do)  
If he came back in that black on black  
I still do it for them niggas with them bricks on bricks  
I still do it for them niggas with them nicks on nicks  
Let me tell you how them real nigga supposed to bounce back  
See I never came back in that black on black

Nigga come through for a nine and a half  
I'm a tell him ain't nothin' left  
Nigga need an eight, tell him everythin' straight  
All they gotta do it wait, tell a nigga I'm a chef  
How you think a nigga went and got that race?  
Could of went to jail but I bought that case  
Lawyer came through, told him it's about time  
Jim Carrey to the Rollie, I just switch that switch  
Put ten karats on my daughter ear, fuck it  
She deserved every rock I done sold out in public  
Do anythin' for my Destiny's Child  
She a Beyoncé, never be LeToya Luckett  
Black on black, checkerboard Louis luggage  
On a PJ feelin' like Warren Buffett  
With the Minnesota Twins, ain't no Kirby Puckett  
Let the shade fear clouds, tell Aaliyah that I love her  
Back and forth in a Lear  
My grandmother say I never see her  
She want me come home on Thanksgivin'  
Put on some black on black like here  
Black on black to my dear  
Black on black in my ear  
Black Maserati that I gave to my mama  
Right hand to the father, she can't even find the gears

Everythin' wrong, this can't be right  
Man, it's so much, this can't be life (Yeah)  
Shit get real, man, you can't hold back  
(Stay on back, nigga, you gotta do what you gotta do)  
If he came back in that black on black  
I still do it for them niggas with them bricks on bricks  
I still do it for them niggas with them nicks on nicks  
Let me tell you how them real nigga supposed to bounce back  
See I never came back in that black on black

Hold up, hold up, hold up  
Shit get real, we don't fold up  
This is what I told myself in my grandma's kitchen  
At the table, nigga, choppin' my blow up

Said she want to sell more like my father  
Same time, had me for a couple dollars  
Yeah, I'm 'bout to pull an all nighter  
And now I'm 'bout to kill these niggas  
So you might not see me 'til tomorrow'  
Yeah, like that, then my palms start itchin'  
Suede hit the block, then my bong gone missin'  
See, I'm 'bout to take me a trip to the other side of town  
And I'm goin' there to buy me a chicken  
Yeah, I got a nigga in the spot with a nine right now  
So, I'm goin' there to sell him a pigeon  
My pastor told me that the money is the root of all evil  
I said if it is, then I lose my religion

If I had to be precise, tell you two things about life  
Niggas win everyday, niggas fail every night  
I say, "Now, Oprah got a billion dollars  
And you know what near her"  
Type of shit I tell myself while starin' in the mirror

Everythin' wrong, this can't be right  
Man, it's so much, this can't be life (Yeah)  
Shit get real, man, you can't hold back  
(Stay on back, nigga, you gotta do what you gotta do)  
If he came back in that black on black  
I still do it for them niggas with them bricks on bricks  
I still do it for them niggas with them nicks on nicks  
Let me tell you how them real nigga supposed to bounce back  
See I never came back in that black on black

Mayonnaise jaw, straight drop, no whippin'  
Electric's off, everything's spoilin' in the fridge  
I ain't bathed in a week, house smellin' like pickles  
Street showin' no business, still gettin' to the business  
Safety pin the zip, break it down, sell nickels  
Had to ball him out of jail, blew the money on the bail  
Went flat, bounced back from a 30-cent flipper  
I don't even know a nigga livin' how I'm livin'  
I don't even know how many times I've been to prison  
Shit get gangsta, we call Hot Beezle  
Bought two things at the third, I wanna appease you  
Two-fifty-two on the scale, that's a nina  
Eighteen zaps, five hundred-four grams  
Add an extra gram when you weigh it with the bag  
Real trap talk, keep it real, don't believe you  
When you get out of line, swear to God, I'm a leave you  
Dicks cut the water 'fore they kick a nigga door  
Tried to flush it down the toilet but the dope just float  
Tear gas from the cannon  
Everybody scramblin', but I ain't never panic  
Double homicide, broad day, that's my jacket  
Tried to bird feed, cut throat on my jacket  
And I take change, I'm a serve when they askin'  
Come from out of town, I'm a taste, no relaxin'

Everythin' wrong, this can't be right  
Man, it's so much, this can't be life (Yeah)  
Shit get real, man, you can't hold back  
(Stay on back, nigga, you gotta do what you gotta do)  
If he came back in that black on black  
I still do it for them niggas with them bricks on bricks  
I still do it for them niggas with them nicks on nicks  
Let me tell you how them real nigga supposed to bounce back

See I never came back in that black on black

It's okay, Daddy, I'm not scared  
I know, baby, the rest of the world is  
You ready to go home?  
Yes, Daddy  
Let's go  
Okay
