## **Don't Worry**

Can't wait til we make real love Because these conjugal visits just ain't enough I'm really lookin forward to a future for us, Baby don't worry bout it, ima be right here, waitin on you

Even took a second job So they won't take the cars and put a lean on the house I know it's gonna be a while before you get out Baby don't worry about it, ima be right here, waitin on you

And them dudes you ran wit are foul They been tryna get at me, ever since you been down Even my girls are tellin me, I should end it all now Baby don't worry bout it, ima be right here, waitin on you

All I can think about is that honey complexion And the way your skin glow when you slip on them D&R dresses I know you wonderin why I got you a Smith & Wesson Cuz them niggaz in the hood is the reason we stressin I miss that gangsta lovin and that lil affection And butter soft lips when you kissin my chest and Mary I put nothin above you, And behind that vest I gotta heart ma, gangstas need love too

Some think the worst of you They betray you as a man it's not that far from the truth You were caught up in the game and now it's caught up to you Baby don't worry about it, ima be right here, waiting on you

It use to be caramel skin tones, spreewell rims on Glasshouse, ass out, Jacob watch, gems stones Bandanna, Nike airs, tennis bracelet, wife here Black rag, do or die 45 right here Everytime I was down you was always right here Whenever visitin hours came, I know my wife there So pink diamonds right there, Chain hang ice there The reason for my tattooed tear I need you to hold me down

I'll be waiting on you (I)
I'll be waitin on you (ima be right here whenever you call me)
I'll be waiting on you (ooh)
Baby don't worry bout it, ima be right here, waitin on you

I'm locked up countin the days down Tryna hold my head cuz the penitentiary ain't no playground I'm dyin in here ion know how you stay down In the shootin range twice a week bussin that tre pound I would neva ask you to wait around But how do a white sandy beach, in Saint Tropez sound And no more out of town trips on the greyhound Just me hittin like a beat from Dr. Dre out

I'll be waiting on you (I'll be waiting)
I'll be waiting on you (ima be right here for you baby)
I'll be waiting on you (I'll)
Baby don't worry about it (don't worry baby) ima be right here, waitin for y
