

## Dr. Dre 1

### The Game

His parents hustled  
So he was left alone by himself a lot  
So shit, he did whatever the fuck he wanted to do  
When boys in the hood came out,  
This little nigga rolled himself a joint  
And watched the whole motherfucker by itself  
His pops didn't give a fuck, but his mom found out?  
Shit, she'd kill him and his dad  
She didn't want him seeing, being or getting caught up in no ga  
ngsta shit  
So she never knew, until now
