

Just Another Day

The Game

Just the other day, I...(6x)

Just the other day, I saw a hologram of Eazy around my way
I started to pray, I hopped up in that Maybach
I know I said I wouldn't but sometimes a nigga gotta crossover like A.I
I crossover like Steph Curry, crossover like CP
But I will not crossover so niggas can buy the CD
This NWA ha, smokin' that Bombay, we stay high
Niggas is killin', we out the way ha
I think about the day I first met Dre
I got my Aftermath Chain, I iced out the A
I stayed on some gangsta shit but still bump that De La
Dippin' down Green Leaf, Cherry Six Tre
I felt like I ain't need your love, wrote the song "Hittin' Switches", then
I recorded the shit with Faith
I did the BET Awards with Mary J
I stayed on top of California like the bay niggas

Just the other day I
Seen a Compton hat and it reminded me of Eazy
Just the other day I
Had a dream that I did some more G Shit with Nate Dogg
Shout-out to the Bay, bruh
Cause my niggas drivin' down with Chronic to LA
Where that Alize now?
Case a nigga wanna trip, got the thing on my waist side

Shout to my niggas up in Wayside
Take these Amber Rose pictures, send up 'em the way
I love my niggas, especially in the pen
I hold you down if I never see you again
I put that on my kids
I sweat them blood tears
I trade places with you, and do some of your years
I confronted my fears
I roll up a fat one and disappear on the pier
I wish you niggas was here and
Just the other day I, was riding through the old hood
Feelin' like the old Suge, me and my city both good
I understand I've been misunderstood
Niggas hate me cause they wishin' they could
Kill me, put my face on obituaries when I was just in they hood
Keepin' they bitches in missionary positions now look
Don't ever ask me about Dre I, been 100 with my nigga since the day I, signe
d to the Math and

Just the other day I
Seen a Compton hat and it reminded me of Eazy
Just the other day I
Had a dream that I did some more G Shit with Nate Dogg
Shout-out to the Bay, bruh
Cause my niggas drivin' down with Chronic to LA
Where that Alize now?
Case a nigga wanna trip, got the thing on my waist side

Just the other day I
Seen a Compton hat and I swear it reminded me of Eazy

Just the other day I
Had a dream I did some more G Shit with Nate Dogg
And you ain't gotta ask you know
Where I'm from
Nigga don't ask you know where I'm from
