Blood gang kill 'em all, Odd Future Wolf Gang
Kidnap a vampire and drain all his fuckin veins
Wolf Grey Jordans, use his intestines for the strings
Snatch up Rihanna and throw her in front of a fuckin' train
Sniff a fucking unemployment line of cocaine
Tie Lil B up to a full tank of propane
Swag, now watch him cook.. and just stand there and look
Have a bonfire with old Harry Potter books
Martians vs. Goblins, goons vs. the crooks
And since me and Tune had Viacom shook
I shoulda got a real-ass pirate to do the hook
Maybe Jack Sparrow maybe Peter Pan's nemesis
My power's limitless like Blanco on Sega Genesis
Superhero, mad that Marvel overlooked me
Cause Spiderman and Hulk straight pussy!
