## The Gathering

Say my name

Say my name  
Your anger's on fire

Will it ever be the same, If I came back to stay  
And if we started all over again,  
What difference will it make to you

Will it all remain the same, Will you ever fight again,  
Will you stop confusing me with all your principles  
There's no excuse for your abuse  
I hope you understand, I hope you won't pretend

I can't believe I had to go through all of this with you,  
I didn't believe I'd last this long  
What difference will it make to you  
I hope you understand, I hope you won't pretend

Say my name - don't try to hold back  
There is no price for all your attacks

Given that you had no one  
Given that you'll be alone  
Given that nobody cares for you

Say my name - don't try to hold back  
Your fence made up of ruins and walls
