

# Games People Play

## The Georgia Satellites

Oh the games people play now  
Every night and every day now  
Never meaning what they say now  
And never saying what they mean  
While they walk away the hours  
In their ivory towers  
Till they're covered up in flowers  
In the back of a black limousine

La da la da da da da,  
La da da da da de,  
I'm a talkin' about you and me  
And the games people play

You know we make one another cry  
We break our hearts and we say goodbye  
We cross our hearts and we hope to die  
That the other was to blame  
We need a woman that will give in  
So we gaze at an 8X10  
Wanderin' about the things  
That might have been  
And it's a dirty rotten shame

La da la da da da da,  
La da da da da de,  
I'm a talkin' about you and me  
And the games people play

Now wait a minute  
They come walkin' up to ya  
Singing glory haleuajah  
Let me try to sock it to ya  
In the name of the Lord  
They only show ya how to meditate  
And to read your horoscope cheat your fate  
Furthermore to hell with hate  
C'mon and get on board

La da la da da da da,  
La da da da da de,  
I'm a talkin' about you and me  
And the games people play

Look around baby what'd you see  
What's been happening to you and me  
God granted it's serenity  
Just to remember who I am  
Cause you've given up your sanity  
Your pride and your bounty  
You turn your back on humanity  
And you don't give a damn damn damn

La da la da da da da,  
La da da da da de,  
I'm a talkin' about you and me  
And the games people play

La da la da da da da,  
La da da da da de,  
I'm a talkin' about you and me  
And the games people play
