

# Mon Cheri

The Georgia Satellites

Well I was out the other evening  
On a walk when I decided to  
Take myself a little stroll through the park  
And I was young and I was feeling no pain

Well I was a happy man, not a care in this world  
A real up and comer with an eye for the girls  
When I saw something that just about set  
My young heart a flame

Well I introduced myself and I said, "Nice night for a walk"  
But I couldn't understand a thing she said when she talked  
And I said, "Honey, let's get something straight  
It's between you and me"

Well that's when she settled down on the park bench  
Her skirt rolled up and I could see she was French  
And my heart said, "Toujours l'amour  
Avec mon amour"

My my mon cheri  
Baby I sure would be delighted in your company  
Anytime that is good for you would be convenient with me  
Well I say, "My my my mon cheri"  
Ooo

My my, mon cheri  
Baby, I sure would be delighted in your company  
Anytime that is good for you would be convenient with me  
Well said, my my my mon cheri

I'm still a happy man  
With no tale would tell  
And I'm still in love with my sweet mademoiselle  
She feels such amour for a fine young sweet Pierre

We're in love together hope it'll always be  
My sweet darling cheri and me  
Because together we generate such savoir faire

My my mon cheri  
Oh baby I should would be delighted in your company  
Anytime that is good for you would be convenient with me  
Hey, hey my my my mon cheri  
I said, I said, oo I said  
"My my my mon cheri", oo
