

# Slaughterhouse

The Georgia Satellites

Wake up little darlin'  
I got some news for you tonight  
Wake up little darlin'  
I got my mud boots on  
And I'm ready to go  
I'm a fool with an empty crown

I'm workin' at the slaughterhouse  
Well I'm workin at the slaughterhouse  
Workin 9 to 5  
Keepin' you alive  
Workin' at the slaughterhouse

Bye bye little baby  
Why do you have to bitch so much  
Bye bye little baby  
Five pounds of lead keep me way out of touch  
Whatever's left by morning's likely where I'll make my stay

I'm workin' at the slaughterhouse  
Well I'm workin at the slaughterhouse  
Workin 9 to 5  
Keepin' you alive  
Workin' at the slaughterhouse

Well I've been living like a blind man  
Bye bye little baby  
Why do you have to bitch so much  
Bye bye bye, bye bye baby  
??????????

I'm workin' at the slaughterhouse  
Well I'm workin at the slaughterhouse  
Workin 9 to 5  
Keepin' you alive  
Workin' at the slaughterhouse

Well I'm workin'  
Yeah I'm workin'  
Baby I'm workin'
