

Victim

The Germs

I'm a victim, made me what I am
I'm a victim, take me while you can
I'm a victim of this master plan

I'm a victim of this fucking place
I'm a victim of your ugly place
I'm a victim gone without a trace

I'm a victim lost without a cause
I'm a victim of your sabotage
I'm a victim of your sharpened claws

I'm a victim of your fucking times
I'm a victim, lost on your design
I'm a victim of the sings of man

I'm a victim, I don't have a chance
