

## How Long is Too Long

The Get Up Kids

You keep hanging on for more  
Building walls around the words around the world  
I keep tripping over hints  
I keep spilling every secret  
Without spilling any secrets at all

Don't you know?  
Of course you don't  
Of course you don't  
The words might choke  
How long is too long when you're waiting by the phone?

Did the issue go this far?  
Did you set this higher standard for yourself?  
I know it's not a fault  
Though I really have to wonder  
If you'd ever set the standard without help

Don't you know?  
Of course you don't  
Of course you don't  
The words might choke  
How long is too long when you're waiting by the phone?

Made up  
You win  
I'm lost  
Give in  
To each  
Their own  
With all their sins

You keep hanging on for more  
Building walls around the words around the world

Don't you know?  
Of course you don't  
Of course you don't  
The words might choke  
This small town takes every ounce to build its smoke  
How long is too long when you're waiting by the phone?
