

Mass Pike

The Get Up Kids

I wonder when I wander home If I'll be fit to drink alone.
Sleep with my memories, Pictures, apologies.
For every minute yesterday, Regret reminds me anyway.
If I remember anything, I'll make mistakes again.
Last night on the Mass Pike, Thought I was losing you.
Last night on the Mass Pike, I fell in love with you.
I will declare a holiday, The night that she turned me away.
I'm drowning in my miseries It solves everything.
Last night on the Mass Pike, Thought I was losing you.
Last night on the Mass Pike, I fell in love with you.
With you.
Last night on the Mass Pike, Thought I was losing you.
Last night on the Mass Pike, I fell in love with you.
Last night on the Mass Pike, Thought I was losing you.
Last night on the Mass Pike, I fell in love with you.
