

## Out of Reach

The Get Up Kids

Long way from home  
Lost by an echo, I'd never of known  
I've got pictures to prove I was there  
but you dont care

Here's me overseas  
Cross the pond by the dover peaks  
I've smuggled myself into new nationalities  
think you'd be proud of me

There's room to believe  
out of sight, out of mind, out of reach  
start over, it's no way to begin

Long way from home  
Lost by an echo, never of known  
I've got pictures to prove I was there  
but you dont care

There's room to believe  
out of sight, out of mind, out of reach,  
start over, start over, it's no way to begin

There's room to be leave  
out of sight, out of mind, out of reach  
start over, start over  
it's no way to begin, way to begin, way to begin
