

## The Worst Idea

The Get Up Kids

I'll go with the worst idea  
If everyone takes the toll  
Keep following anyone  
Who digs a deeper hole  
Sing me a tune  
Wasn't this bond built forever?  
The anchor that strong  
My money, it changes how we used to value most  
So over the short ascent that comes at any cost  
Sing me a tune  
Wasn't this bond built forever?  
The anchor that strong  
Didn't we build this together?  
The worst just go wrong  
The worst just go wrong  
On and on  
How do you win so many enemies?  
I'm open to any good news  
What if the world falls in?  
On the only option we knew  
Sing me a tune  
Wasn't this bond built forever?  
The anchor that strong  
Didn't we build this together?  
The worst just go wrong  
I'll go with the worst idea  
If everyone takes the toll  
My money, it changes how we used to value most  
So over the short ascent that comes at any cost  
Sing me a tune  
Wasn't this bond built forever?  
The anchor that strong  
The anchor that strong  
I'll go with the worst idea  
If everyone takes the toll  
(way too long)  
I'll go with the worst idea  
If everyone takes the toll
