The Gift Of Gab

Oodoop (stidamalood)?

Yo yo Same thing on the scene we never changing on the street really ain't that Much Fiending and I'm craving for the freedom of creativity that comes From escaping into being undertaking the allegiance down under And the way these lyrics be leaving you Take you to a realm of astounding wonder On the threshold of a less known way to get goin on a super rhyme style Highway Window let em see there to appear but I really don't care I'm a do this my Way Today find a new way to play with a few cadences I'm a parlay This space and I'll still pace wait til the verses reveal they self then I'm on my way Many thoughts I'll lay Many me cloned MC's talk but they all are sayin The exact same thing The exact same things And the exact same way And I wanna take a nap when I'm hearin that crap Just getting on past his pay I'm a make a new path through the math Let's see how it sounds when I rap this way Keep travellin' Oodoop stidamalood (8x) All aboard Do it like it's never been done Or at least try to come With enunciation Just tryin to have fun With a travellin hunt For the style that you want to call forth Take it farther Why do you stall I can see through all of your walls In a box no longer got no limitations restraints or pauses at all I have one destination called far If you listen close it could alter Your perception of what you think dope is I'm a free mind and will leave you incarcertated All sedated Get a clear mind when the fog is faded In the days of the sleep we all awaken Maybe then you could check out what I saw And keep on travellin... Keep travellin Oodoop stidamalood (8x) Oodoop stidamalood 19 miles ahead of your thoughts Best mic skills better your

Hear I come, ready or not Been there, done that Before blast off just ready to launch E2M settin it off Gettin it on Just spittin And hittin you all with Vision and always Shittin on all your limits And laws Keep travellin Oodoop stidamalood (2x) Keep venom in ya'll Just keepin me going For us too much just isn't enough Too much just isn't enough...
