

Graveyard Blues

The Gits

Had a dream last night that I was dead
Had a dream last night that I was dead
Evil spirits all around my bed
Evil spirits all around my bed
The devil came and grabbed my hand
The devil came and grabbed my hand
Led me down to that red hot land
Led me down to that red hot land
Mean blue spirits
Mean blue spirits
Made me moan and groan in misery
Ferries and dragons
Glad I came
Glad I came
Demons with eyelids dripping blood
Demons with eyelids dripping blood
This is hell I cried with all my might
This is hell I cried with all my might
Run so fast 'til someone woke me up.
