

## Girl of 100 Lists

The Go-Go's

Ghetto blasters, phony jewels  
Cathedrals, castles, making up rules  
Trashy novels and leather gloves  
This is a list of the things I love

I am the girl of 100 lists  
From what shall I wear  
To who I have kissed  
Check items off  
Let nothing be missed  
Sing I to myself and my 100 lists

Pick up your laundry, doctor's at ten  
We're out of toothpaste, rehearsal (again)  
Stop by the bank and cash my pay  
These are the things I must get done today

Ricky and Danny and Terry and Jim  
Dean lasted six months-don't forget him  
Perhaps some day this list will end  
Till then I tally my gentlemen friends
