

I'm the Only One

The Go-Go's

What you think of me is hard to tell
Double talkin' words that I can't spell
I don't want to read between your lies
Love comes easy when you close your eyes
You always run away with words
You're never seen once you've been heard

I'm the only fool
That's as big a fool as you
Got the only heart
And it beats as hard as yours
I'm the only one you run to
The one you come to
The only one you can get to
I'm the only one-only one for you
Only one for you

There's no need to play this silly game
No one wins and nothing's ever gained
You'd think by now that maybe you would see
But you're as blind to love as you are to me
I'm all for one, you're one for all
I got the only number you should call
