

La La Land

The Go-Go's

C'mon everybody do you want something real?
Can't seem to get ahead but it's no big deal
Floating like a feather in a wide open space
Landing in a perfect happy place

Hello world we're here again
Living life in lalaland

I hear what I wanna here living on cloud nine
Jumping on a bed of flowers chasing the time
"oh it's a hard road" says everyone I meet
We can't trust the ground beneath our feet

Hello world we're here again
Living life in lalaland
Hello world we're here again
Living life in lalaland

Yeah yeah yeah yeah yeah

Lalalalalalaland lalalalaland
Lalalalalalaland lalalalaland

Hello world we're here again
Living life in lalaland
Hello world we're here again
Living life in lalaland
