

## You Can't Walk in Your Sleep (If You Can't Sleep)

The Go-Go's

Last night you slept, you slept in fits  
You smashed your windows bit by bit  
You cried out - a bad dream  
Horror pictures - what a scene!

Which way will things go tonight  
Toss and turn or sleep tight  
You can't win you wonder why  
That sleep is one thing you can't buy

You can't walk in your sleep  
If you can't sleep  
You can't walk in your sleep  
If you can't sleep

Downed that pill hours ago  
And time is passing oh so slow  
Watch the clock - you're waiting  
It's five o'clock and the world is waking

That's the way things went tonight  
Tossed and turned though you were tight  
Exhaustion brings on desperation  
Well there's still some consolation
