

## Doing It Right

The Go! Team

Do it! Do it! Alright!  
You got a mouth, don't you act like you ain't heard a thing  
You don't choose to play the victim, you ain't suffering  
I've seen that lazy ass attitude, hey, let it drop!  
You've gotta take it (higher), take it to the tippety top  
C'mon and show that attitude, that you always speak of  
You got ... something to get, you know what I'm talking about  
Heap jump, keep reaching higher, you can take the fall  
Give it all, give it all, give it all, give it all  
Do it! Do it! Alright!  
What I need's just some...and our plans for to try  
Anything we should have loved, anything we could have loved  
When our ... and our plans to take back  
Anything we've ever loved, anything we've ever loved  
And what ... what we all know  
Cos we gotta figure out  
And we're gonna show you how  
Do it! Do it! Alright!  
We got the right combination, we've got everything  
(and just right, they'll have a life) and we ... what we bring  
We got the right combination ... time to call  
Give it all, give it all, give it all, give it all  
Do it! Do it! Alright!  
What I need's just some...and a pass for to try  
Everything I should have loved, anything we could have loved  
When  
..and our plans to take back  
Anything we've ever loved, anything we've ever loved  
And what ... what we all know  
Cos we gotta figure out  
And we're gonna show you how  
Do it! Do it! Alright!
