

## She Gives Me Love (the Godfathers)

The Godfathers

Don't claim to understand her  
I wonder what she's doing with me  
Don't know what she does with the rest of her time  
But she gives it to me for free  
She gives me love  
She gives me love  
She never takes my money  
But she always steals my time  
She's the kind of a girl that if you gave her the world  
She'd say it wasn't worth a dime  
She gives me love  
She gives me love  
It's not easy to explain it  
The effect she has on me  
Make a dumb man talk and a blind man see  
That sweet little mystery  
She gives me love  
She gives me love  
She gives me love  
She gives me love
