

## Those Days Are Over (the Godfathers)

The Godfathers

Those days are over, those days are over  
Those days are over, those days are over  
Nothing ever happens come what may  
And snow never falls on Christmas Day  
And all around I see is war  
I can't stand this anymore  
Those days are over, those days are over  
Those days are over, those days are over  
These are friendly times  
These are strange times  
Soldiers to the left of me, soldiers to the right  
I can't take this anymore  
Those days are over, those days are over  
Those days are over, those days are over  
Nothing ever changes for all we say  
It's the same tomorrow as yesterday  
Yes all around I see is war  
I can't stand this anymore  
Those days are over, those days are over  
Those days are over, those days are over
