

Tongue Tied

The Good Natured

I remember when you called me a beauty.
Next thing you were gone.
Why must you ignore me?
How the words, dry up in your mouth.
Say it now, say it louder.
Your lips, they taste like magic.
Words don't mean a thing.
I can't hear what you're saying.
Please stop whispering.
How the words, dry up in your mouth.
Say it now.

Or are you tongue-tied?
Are you tongue-tied?

So I watch you sew a tangle of lies.
I'm a mess, I'm a mess.
Disorder unfolds in front of my eyes.
Now confess.
You're choking, in your web of lies.
Your words have got you trapped alive.
Let me ask you untie.

Or are you tongue tied?
Are you tongue tied?
Are you tongue tied?
Are you tongue tied?

Oooo, oooo.
Ooooo-ooo.
Oooo, oooo.
Ooooo-ooo.

Could you be hiding?
What do you keep inside, inside?
Do you feel it, do you feel it, this time?

Or are you tongue-tied?
Are you tongue-tied?
Are you tongue-tied?
Are you tongue-tied?

You're choking, in your web of lies.
Your words have got you trapped alive.
Let me ask you untie.
You're choking, in your web of lies.
Your words have got you trapped alive.
Let me ask you untie.
You're choking, in your web of lies.
Your words have got you trapped alive.
Let me ask you untie.
You're choking, in your web of lies.
Your words have got you trapped alive.
Let me ask you untie.
