

The kiwi and the liquid gold
For helen would have surely knowed
I'd love her if it weren't that I
Bind myself to a single joy
I was sleeping with my lgo
I was polishing my midnight runners
I was handling my regal tip
Cold beer and my prison rolls
Take a good look at the patchwork
That hellen saw on my foot
Well she took a look around, friend
Yeah she took her love to town, friend
I was sleeping with my lgo
I was polishing my midnight runners
I was handling my regal tip
Cold beer and my prison rolls
I got eyes I can't stand it
Jalepeños inbetween my toes
The duke of earl and smoking joe
All the kiwi and the liquid gold
I was sleeping with my lgo
I was polishing my midnight runners
I was handling my regal tip
Cold beer and my prison rolls
I'm gonna eat my damn 8 year old shoes
