

The kiwi and the liquid gold  
For helen would have surely knowed  
I'd love her if it weren't that I  
Bind myself to a single joy  
I was sleeping with my lgo  
I was polishing my midnight runners  
I was handling my regal tip  
Cold beer and my prison rolls  
Take a good look at the patchwork  
That hellen saw on my foot  
Well she took a look around, friend  
Yeah she took her love to town, friend  
I was sleeping with my lgo  
I was polishing my midnight runners  
I was handling my regal tip  
Cold beer and my prison rolls  
I got eyes I can't stand it  
Jalepeños inbetween my toes  
The duke of earl and smoking joe  
All the kiwi and the liquid gold  
I was sleeping with my lgo  
I was polishing my midnight runners  
I was handling my regal tip  
Cold beer and my prison rolls  
I'm gonna eat my damn 8 year old shoes
