

## Lady Pleasure

The Grass Roots

I could tell by the way she smiled  
She intended to stay awhile  
She walked through the door in her cowboy hat  
Sat on the floor with the Siamese cat

She said with her eyes everything's fine  
It all comes back if you'll give it time

Lady pleasure with the sunshine eyes  
Draw your magic circles through the ruin of my sighs  
Lady pleasure with the sunshine eyes

It's amazing what you can find  
If you're looking for peace of mind  
She took me outside and showed me the dawn  
The world is alive there's no cause for alarm

She said with her eyes everything's fine  
It all comes back if you'll give it time

Lady pleasure with the sunshine eyes  
Draw your magic circles through the ruin of my sighs  
Lady pleasure with the sunshine eyes

Clouds fill up the skies and pass  
I sit patiently waiting  
The world has a rhythm all it's own  
You can tell by the seasons you can see it in the sun

She said with a smile everything's fine  
It all comes around if you'll give it time

Lady pleasure with the sunshine eyes  
Draw your magic circles through the ruin of my sighs  
Lady pleasure with the sunshine eyes

Whoa, Lady pleasure  
Lady pleasure with the sunshine eyes  
Draw your magic circles through the ruin of my sighs
