

# Love Is What You Make It

The Grass Roots

Love is  
Love is what you make it  
You can't make or break it  
So don't you run  
Run and hide  
I said love is  
Love is what you make it  
And if you make it with me  
We'll make it all right  
Hey hey hey

Lover  
Don't you run for cover  
Don't run to your mother  
No reason to  
Every time

I said love is  
Love is what you make it  
And if you make it with me  
We'll make it all right

Now you've been told  
Your blood runs cold  
So you've been holding back  
But every word  
That you have heard  
Tends to push you back  
But I remember what my mama told me a long time ago  
She said you'll reap what you sow  
Hey hey hey

Love is  
Come on love is what you make it  
You can't make or break it  
So don't you run  
Run and hide  
I said love is  
Yeah love is what you make it  
And if you make it with me  
We'll make it all right

We can't be  
On a way street  
I'd have to work it out  
'Cause it takes two  
To pull it through  
And that's what love's about  
And I remember what my said to me a long time ago  
She said son you've got to reap just what you sow  
Hey hey hey

Love is yeah  
Love is what you make it  
You can't make or break it  
So don't you run  
Run and hide because

Love is  
Love is what you make it  
Lord and if you make it with me  
We'll make it all right  
Hey hey hey  
Love is  
Love is what you make it  
You can't make or break it  
So don't you run  
Run and hide because  
Love is  
Love is what you make it  
And if you make it with me  
We'll make it all right  
Hey hey hey  
Love is  
Love is what you make it  
You can't make or break it  
So don't you run  
Run and hide  
I said love is  
Love is what you make it
