

## Mamacita

The Grass Roots

She's got a foxy smile  
But I better warn ya  
She's the straightest lady  
In the state of California  
They raised her by the Book  
And reads on page one  
Senoritas they don't make love for fun  
It just ain't done  
Let me tell you 'bout

Ma-ma-ma Mamacita  
She'll break your heart when you meet her  
She's so sweet you could eat her  
Ma-ma-ma Mamacita

I dream about those cherry lips  
That never been tasted  
And it just tears me apart  
To think? been wasted  
She's saving all her love  
Ain't giving none away  
Senoritas they never shout olé  
Till their wedding day  
Come and help me now

I'm gonna say "I do"  
And when we get a?  
We gonna watch the kids  
Come one by one by one by one by one by one  
Two three four
