

# Wake Up, Wake Up

The Grass Roots

Open up your eyes and wake up  
Got a lot of time to make up, girl  
Time goes by in such a hurry  
Why'd you sit around and worry so, don't you know  
You've been living your life in a shell  
Now's the time has come to break the spell

Everybody's got to shine sometime  
It's just a matter of time you know  
There's a whole new world for you to discover  
Wake up, wake up

Life is just a book of pages  
And you still got so many to fill in  
Don't put down what's happenin' around you  
Just because they told you it's a sin  
How do you know until you try  
Love is callin' so spread your wings and fly

Everybody's got to shine sometime  
It's just a matter of time you know  
There's a whole new world for you to discover  
Wake up, wake up

Got so many things to show you  
Groovy things that we can share together  
Baby, no no no don't be afraid of tomorrow  
La la la la

Everybody's got to shine sometime  
It's just a matter of time you know  
There's a whole new world for you to discover  
Wake up, wake up baby
