

Walking Through The Country

The Grass Roots

Every day,
A sunny day,
Walking through the country.

Just a breeze,
And I feel at ease,
Walkin' through the country.

Blades of grass,
Playin' with my feet,
There's nothing so sweet,
As the way you treat me.

Walkin' through the country,
Walkin' through the country,
Walkin' through the country!

Ohhh, feelin' good,

I know there's someone,
Someone who needs you.
Walkin' through the country together,
My love's gonna,
Comfort you.

Oh, what a groovy day,
A sunny day.
Walkin' through the country.

Just a breeze,
And I feel at ease,
Walkin' through the country.

Blades of grass,
Playin' with my feet,
There's nothing so sweet,
As the way you treat me.

Walkin' through the country,
Walkin' through the country,
You're walkin' through the country!

Sing it!
Sing it!
Sing it!

Keep walkin', baby.
Feels good now, doesn't it?
