

# Milk Eyes

The Grates

Milk eyes, what a surprise, I didn't think that I'd be ordering  
for two.

Little legs what do you say, why don't we go and get some milks  
hake from boobs?

Bleeding on the back seat I couldn't care less, bleeding on the  
back seat,

You know I'm never gonna turn you away, you know I'm never gonna  
give you no pain.

Even if I could, yeah, even though I would, even though my friends  
all say that I should.

Little one riding your bike, you're going so fast think you're  
gonna crash it.

You come running to me, for some strange reason makes me feel so  
complete.

Bleeding from your knees, I couldn't care more, bleeding from your  
knees,

You know I'm never gonna, even if I could, yeah, even though I  
would,

Even though my friends all say that I should.

I'll never turn you away, I'll never give you no pain,

I'll never lead you astray, I won't rain on your parade,

I'll never look through your drawers, oh take it what's mine is  
yours.

I took the long road, now I've gotta go and make it better.

We took the long road, now I've gotta go we really gotta.

Bleeding from your knees, I couldn't care more,

Bleeding on the back seat.

You know I'm never gonna turn you away,

You know I'm never gonna give you no pain,

Even if I could, yeah, even though I would,

even though my friends all say that I should.

Milk eyes what a surprise,

I didn't think that I'd be ordering for two.

I took the long road, now I've gotta go and make it better.

We took the long road, now I've gotta go we really gotta. Bye!
