

Stay Away Girl

The Greenhornes

stay away baby
don't want your life
can't feel my heartbeat
listen to my side

stay away baby
don't want your life
way to treat me
you know i could die
way to treat me
you know i could die

go away baby
don't want you 'round
whenever you're near
it just brings me down

go away baby
don't want you 'round
whenever you're near me
it just brings me down
whenever you're near me
it just brings me down

stay away baby
don't want your life
can you feel my heartbeat
listen to my side

stay away baby
don't want you life
way to treat me
girl, you know i could die
